

Providing Full HD Quality at an Affordable Price, Triview launches the TM Economic Series of LCD Displays.

Long Beach, CA - May, 2011

Tatung Company of America, Inc., introduces its new 32" and 42" full HD 1080p megapixel LCD Displays. As its name implies, the TM Economic Series are extremely affordable yet deliver commercial grade performance and reliability. The TM32 (32") and TM42 (42") feature high 1920x1080 resolution making them true megapixel displays. Inputs include composite video, VGA, and HDMI. In addition, a USB port is provided making the TM32 and TM42 suitable for digital signage usage. Both units include a base and remote control with optional wall mounts available. With its convenient size, the TM32 in particular is an ideal solution for desktop megapixel surveillance applications.

With the addition of the TM Economic Displays, Tatung offers an economical solution for commercial grade megapixel surveillance and digital signage applications.
